Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. DETAILED ACTION

The reply filed on October 27, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

When applicant elects any of the Groups, an election of species is required. This application contains claims directed to the following patentably distinct species of the claimed invention:

Group I:

a plurality of (i) alpha2-adrenergic receptor antagonists and (ii) atypical antipsychotic neuroleptics (compounds having combined D2 dopamine and 5HT2 serotonin antagonist activities); and a plurality of disclosed patentably **distinct conditions or diseases to be treated**.

A species election of the conditions or diseases to be treated was not made. Hence, a specific condition or disease to be treated using the said (i) alpha2-adrenergic receptor antagonists and (ii) atypical antipsychotic neuroleptics (compounds having combined D2 dopamine and 5HT2 serotonin antagonist activities) is **required**.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
